Rogers, Edward Bruce	<i>Cincinnati, N. Y.,</i>	Miss Merrill's.
Ross, Albion Herbert	<i>Pembroke, N. H.,</i>	Miss Merrill's.
Rounds, Arthur Charles	<i>Plymouth, N. H.,</i>	Mr. Enos Baker's.
Rounds, Ralph Stowell	<i>Plymouth, N. H.,</i>	Mr. Enos Baker's.
Sanborn, Alvan Francis	<i>Marlboro,</i>	Mrs. Muzzy's.
Sedgwick, Arthur Henry	<i>Lenox,</i>	6 N. C.
Sharp, Frank Chapman	<i>West Hoboken, N. J.,</i>	25 and 28 S. C.
Smith, Bryant	<i>Davenport, Iowa,</i>	Mrs. Houghton's.
Stevens, Charles Benjamin	<i>Worcester,</i>	Mr. Hamlin's.
Struthers, Alfred Luther	<i>Upton,</i>	26 N. C.
Sutton, Charles	<i>Brooklyn, N. Y.,</i>	Rev. Mr. Marsh's.

## ENTRANCE EXAMINATIONS.

---

LATIN.—1. Cæsar's *Gallic War*, Books I.—IV., or Books I.—III. and Sallust's *Catiline*, or Cæsar's *Civil War*, Books I. and II., or an equivalent amount of *Cornelius Nepos*; Cicero's *Orations against Catiline* and *for Archias*, with questions on the subject matter and on grammar; Virgil's *Æneid*, Books I.—VI. (or *Eclogues* and *Æneid*, Books I.—V.), with questions on the subject matter and on prosody.

2. Translation at sight of average passages from Cæsar, Cicero's *Orations*, the *Æneid*, and Ovid's *Metamorphoses*, with general questions on grammar, prosody, history and antiquities suggested by the prescribed passages.

3. Translation into Latin of a passage of connected English narrative based upon some portion of the prescribed prose.

GREEK.—Translation at sight of average passages in the *Anabasis* and in the *Iliad* (the candidate being supplied with a vocabulary of the less usual words), with questions upon Greek Prose, and upon grammar, mythology, antiquities, etc., suggested by the passage.

A careful preparation of the following subjects will enable a candidate to pass the examination;—Greek Grammar; twenty exercises in Jones' Greek Prose Composition; four books of Xenophon's *Anabasis*, or one hundred pages of Goodwin's Greek Reader; three books of Homer's *Iliad*.

MATHEMATICS.—Arithmetic, with the Metric System; Algebra through Quadratic Equations, including Radical Quantities, together with Proportion, Arithmetical and Geometrical Progressions, and the Binomial Theorem for positive integral exponents; Plane Geometry.

ENGLISH.—1. A short composition, correct in spelling, punctuation, division into paragraphs, grammar and expression, on a theme drawn from one of several books previously designated.

## 2. Criticism of specimens of incorrect English.

1884.—At the examinations, the theme will be drawn from one of the following books: Shakespeare's *Julius Cæsar* and *Merchant of Venice*; Thackeray's *Henry Esmond*; Irving's *Sketch-Book*; Scott's *Lady of the Lake*; Carlyle's *Essay on Burns*; Burns' *Cotter's Saturday Night*.

1885.—The theme for 1885 will be drawn from one of the following books: Shakespeare's *Macbeth* and *Merchant of Venice*; First two Books of Milton's *Paradise Lost*; Irving's *Sketch-Book*; George Eliot's *Silas Marner*; Dickens' *Tale of Two Cities*; Emerson's *Essay on Eloquence in Society and Solitude*.

1886.—The theme for 1886 will be drawn from one of the following books: Shakespeare's *Julius Cæsar* and *Macbeth*; First two Books of Milton's *Paradise Lost*; Dickens' *Tale of Two Cities*; Scott's *Abbot*; Pope's *Rape of the Lock*; Lowell's *Vision of Sir Launfal*; Goldsmith's *She Stoops to Conquer*.

FRENCH.—Keetels' Elementary Grammar, or Otto's Grammar, Part I.

ANCIENT HISTORY.—History of Greece to the death of Alexander, with outlines of Greek Geography; History of Rome to the death of Marcus Aurelius, with outlines of Roman Geography.

ADVANCED STANDING.—Candidates for advanced standing are examined in the requirements for admission to the College, and also in the studies which have been pursued by the class they wish to enter. For the particular books in Greek, Latin, or Modern Languages studied by each class, equivalent amounts may be offered from other books in the same language.

TIME AND ORDER OF EXAMINATIONS.—The first examinations for admission begin at 9 o'clock A. M., on Thursday (June 26th, 1884) of the week preceding Commencement, and continue for two days. The result of these examinations will be sent to the candidates, by mail, within two weeks after the examinations are held. The second examinations for admission begin at 9 o'clock A. M., on the last Tuesday of the Summer vacation (September 9th, 1884), and continue for two days.

The order of examinations, both in June and September, will be as follows:

## FIRST DAY.

9	A. M.	Registration.	2	P. M.	Arithmetic.
9.30	"	English.	3	"	Algebra.
11.15	"	French.	4.15	"	Geometry.

---

SECOND DAY.

8	A. M.	Latin Prose Composition.
9	"	Cæsar, Cicero and Latin Grammar.
10.15	"	Virgil, Ovid and Latin Prosody.
11.15	"	Ancient History.
2	P. M.	Anabasis and Greek Prose Composition.
3.30	"	Iliad.

Applicants for examination should present themselves promptly at 9 o'clock, on the first day of examination, at Walker Hall.

Before examination, the candidate must exhibit satisfactory testimonials of good moral character.

REQUIRED AGE.—No one can be admitted to the Freshman Class until he has completed his fifteenth year, and no one to an advanced standing without a corresponding increase of age.

CONDITIONS.—Candidates for admission, who remain conditioned after the September examinations, or receive conditions at that time, will be required to study under a teacher authorized by the examiners, and a small fee will be charged. It is, therefore, desirable that as many as possible present themselves at the June examinations; that they may have an opportunity to cancel any conditions then received, in September.

PORTER PRIZE.—Students entitled to admission on certificates in Latin and Greek must pass the regular entrance examinations at the time specified in the catalogue, if they wish to compete for the Porter Prize, and the Prize will be awarded in accordance with the result of these examinations.

---

ROOMS AND BOARD.—Information in relation to rooms or boarding places may be obtained by applying to the College Janitor, Lansford Gates, No. 20 North College.

# COURSE OF STUDY.

---

## FRESHMAN YEAR.

### FALL TERM.

LATIN.—Cicero's De Senectute and De Amicitia ; with exercises in Latin Composition and in reading Latin at sight ; *thirteen weeks, five hours a week.*

GREEK.—Selections from Greek Historians ; with Lectures : Homer's Odyssey, or Greek Lyric Poets, begun ; *five hours a week.*

MATHEMATICS.—Wentworth's Geometry ; *nine weeks* : Olney's Algebra ; *five weeks, five hours a week.*

HISTORY.—Rome and Carthage ; *two weeks, five hours a week.*

ELOCUTION.—Lectures ; with exercises in Vocal Culture ; *one hour a week.*

EXERCISE IN PHYSICAL CULTURE.—*Four days a week during the year.*

### WINTER TERM.

LATIN.—Livy, Books XXI. and XXII. ; with exercises in Latin Composition and in reading Latin at sight ; *eight weeks, five hours a week.*

GREEK.—Homer's Odyssey, or Greek Lyric Poets, continued ; with Plato's Apology and Crito for the advanced division ; *five hours a week.*

MATHEMATICS.—Algebra finished ; *seven weeks* : Newcomb's Trigonometry ; *five weeks, five hours a week.*

RHETORIC.—Abbott's "How to Write Clearly" ; *four weeks, five hours a week ; eight weeks, one hour a week.*

ELOCUTION.—Exercise in Declamation ; *one hour a week.*

### SUMMER TERM.

LATIN.—The Odes, selections from the Satires, and the Ars Poetica of Horace ; with the Horatian Metres and exercises in Latin Composition ; *five hours a week.*

GREEK.—Plato's *Apology* and *Crito*, with *Thucydides*, Books VI. and VII. for the advanced division: Greek Testament; *five hours a week*.

MATHEMATICS.—Trigonometry finished; *six weeks*: Loomis' *Analytical Geometry*; *four weeks, five hours a week*; with twenty hours of practical surveying during the term for each member of the advanced division.

RHETORIC.—Analysis of selections from standard English authors, with reference to the principles of style; *one hour a week*.

## SOPHOMORE YEAR.

### FALL TERM.

LATIN.—The *Rudens* and *Captivi* of *Plautus*; *eight weeks*: Cicero's *De Officiis*; *seven weeks, four hours a week*: Exercises in reading Latin at sight and the analysis of words and forms; *one hour a week*.

MATHEMATICS.—Analytical Geometry finished; *nine weeks, four hours a week*.

FRENCH.—Sauveur's *Causeries avec mes élèves*: Sandeau's *Mademoiselle de la Seiglière*: Larousse's *Grammaire complète*: Exercises in writing French; *four hours a week*.

RHETORIC.—Hepburn's *Manual*; with written exercises by the class; *three hours a week*.

HUMAN ANATOMY AND PHYSIOLOGY.—Manual; with Lectures; *five weeks, six hours a week*.

ELOCUTION.—Exercise in Declamation; *one hour a week*.

EXERCISE IN PHYSICAL CULTURE.—*Four days a week during the year*.

### WINTER TERM.

GREEK.—Demosthenes' *Philippics* and *Olynthiacs*; with Lectures; *nine weeks*: Greek Testament; *three weeks, five hours a week*.

CHEMISTRY.—Lectures on the non-metallic elements and their compounds; *five hours a week*.

RHETORIC.—Analysis of selections from standard English authors, with reference to the material of discourse.

ELOCUTION.—Exercises in Declamation; *one hour a week*.

## ELECTIVES.

FRENCH.—Sauveur's Fables de la Fontaine; Racine's Athalie; Larousse's Grammaire complète; History of the French language; French Composition; *five hours a week*.

MATHEMATICS.—Byerly's Differential Calculus; *five hours a week*.

ANGLO-SAXON.—Sweet's Anglo-Saxon Reader; *five hours a week*.

## SUMMER TERM.

LATIN.—Selections from Latin Poets; *seven weeks*: the Agricola of Tacitus; *four weeks, four hours a week*: Topics in the History of the Ante-Classical and Golden Ages of Roman Literature; *one hour a week*.

GREEK.—Prometheus of Æschylus; with the Medea of Euripides for the advanced division; *four hours a week*: Lectures on the Greek Drama; *one hour a week*.

RHETORIC.—Analysis of standard works in English literature, with reference to the plan of discourse.

## ELECTIVES.

FRENCH.—Marsillac's Manuel d'histoire de la littérature française; Sauveur's Entretiens sur la Grammaire; *five hours a week*.

MATHEMATICS.—Byerly's Integral Calculus; *five hours a week*.

ANGLO-SAXON.—Sweet's Anglo-Saxon Reader; *five hours a week*.

## JUNIOR YEAR.

## FALL TERM.

PHYSICS.—Experimental Lectures on Mechanics; with recitations (Ganot); *four hours a week*.

RHETORIC.—English Composition; *two hours a week*.

EXERCISE IN PHYSICAL CULTURE.—*Four days a week during the year*.

## ELECTIVES.

*Each student will select three of the elective studies.*

CHEMISTRY.—Lectures on the metallic elements and their compounds; with introductory Lectures on Qualitative Analysis; Laboratory work in Qualitative Analysis of Simple Substances; *nine hours a week*.

\*MATHEMATICS.—Analytical Mechanics; *four hours a week.*

LATIN.—Seneca's Essays and Epistles; *eight weeks*: Quintilian's Tenth Book; *seven weeks, four hours a week*: Topics in the History of the Silver Age of Roman Literature.

GREEK.—Homer's Iliad; with Lectures; *four hours a week.*

ITALIAN.—Montague's Italian Grammar and Italian Literature: Dall' Ongaro's La Rosa dell' Alpi; *four hours a week.*

GERMAN.—Sheldon's German Grammar: Stern's Studien and Plaudereien: Boisen's Preparatory Book of German Prose; *four hours a week.*

BIOLOGY.—Lectures on Biology; *four hours a week.*

EARLY ENGLISH.—Corson's Handbook of Saxon and Early English; *four hours a week.*

#### WINTER TERM.

PHYSICS.—Experimental Lectures on Acoustics and Electricity; with recitations (Ganot); *four hours a week.*

RHETORIC.—Exercises in Extemporaneous speaking; *eight weeks, one hour a week.*

#### ELECTIVES.

GERMAN.—Lessing's Emilia Galotti: Schiller's Maria Stuart: Exercises in writing German and in reading German at sight; *four hours a week.*

FRENCH.†—Pascal's Pensées: Larousse's Cours lexicologique de style: Sauveur's Contes merveilleux (for narration in French); *four hours a week.*

GREEK.—Œdipus Tyrannus of Sophocles: Knights of Aristophanes; *four hours a week.*

LATIN.—Tacitus' Germania and Histories; with Topics in the History of the Silver Age of Roman Literature; *four hours a week.*

CHEMISTRY.—Lectures on the Chemical Forces, and Chemical Physics: Lectures on Qualitative Analysis continued: Laboratory work; *nine hours a week.*

ZOOLOGY.—Special Zoölogy: Packard's Zoölogy; *four hours a week.*

MATHEMATICS.—Mathematical Theory of Electricity; *four hours a week.*

ENGLISH LITERATURE.—*Four hours a week.*

\*The elective course in Mathematics is open only to the advanced Mathematical Division.

†The elective course in French is open only to those who have taken the elective French of Sophomore year.

## SUMMER TERM.

PHYSICS.—Experimental Lectures on Light and Heat; with recitations (Ganot); *four hours a week.*

RHETORIC.—Exercises in Extemporaneous Speaking; *eight weeks, one hour a week.*

## ELECTIVES.

CHEMISTRY.—Lectures on the Chemistry of Organic Substances; *four hours a week.*

MINERALOGY.—Crystallography and Determination of Minerals; with practical exercises; *four days a week.*

BOTANY.—Gray's School and Field Book of Botany; *four hours a week.*

FRENCH.\*—Lacombe's Histoire du peuple français: George Sand's La Petite Fadette: Larousse's Cours lexicologique de style; *four hours a week.*

SPANISH.\*—Montague's Comparative Grammar: Colmena Española: Moratin's El Si de las Niñas; *four hours a week.*

MATHEMATICS.—Mathematical Physics, or Hardy's Quaternions; *four hours a week.*

GERMAN.—Schiller's Wallenstein: Goethe's Hermann and Dorothea: Reading German at sight: History of German Literature; *four hours a week.*

LATIN.—Selections from Martial's Epigrams: Latin Hymns; with Topics in the History of Christian Latin Literature; *four hours a week.*

GREEK.—Plato's Phædo; with Lectures; *four hours a week.*

ENGLISH LITERATURE.—*Four hours a week.*

## SENIOR YEAR.

## FALL TERM.

PHILOSOPHY.—Hickok's Empirical Psychology, and Logic; with Lectures, and Discussions by the class; *six hours a week.*

RHETORIC.—Exercises in Extemporaneous Speaking; *ten weeks, one hour a week:* Essay writing.

EXERCISE IN PHYSICAL CULTURE.—*Four days a week during the Fall and Winter Terms.*

\*French and Spanish taken in alternate years.

## ELECTIVES.

*Each student will select ten hours of elective work.*

HISTORY.—Outline of Ancient History: Mediæval Europe: The Reformation; *four hours a week.*

POLITICAL ECONOMY.—Walker's Political Economy; with Lectures; *four hours a week.*

GEOLOGY.—General course in Geology; with weekly excursions; *four days a week.*

GERMAN.—Selections from Goethe's Prose: History of German Literature; *four hours a week.*

CHEMISTRY.—A course in Quantitative Analysis, with the study of Chemical Theories and Philosophy; *five days a week.*

BIOLOGY.—Laboratory work; *four days a week.*

ENGLISH LITERATURE.—*Four hours a week.*

HEBREW.—Davidson's Grammar; *four hours a week.*

ART.—Lectures on Sculpture; *two hours a week.*

ASTRONOMY.—Gillet and Rolfe's Astronomy; *two hours a week.*

CHRISTIAN EVIDENCES.—Butler's Analogy; *two hours a week.*

GREEK.—Agamemnon of Æschylus; *two hours a week.*

LATIN.—Tacitus' Histories; *two hours a week.*

SANSKRIT.—Whitney's Grammar: The Nala; *two hours a week.*

## WINTER TERM.

PHILOSOPHY.—Hickok's Moral Science; with Lectures, and Discussions by the class; *six hours a week.*

RHETORIC.—Exercises in Extemporaneous Speaking; *ten weeks, one hour a week:* Essay writing.

## ELECTIVES.

*Each student will select not less than eight and not more than twelve hours of elective work.*

HISTORY.—Europe since the Reformation; *five hours a week.*

GERMAN.—Goethe's Faust: Special Topics in German Literature; *four hours a week.*

GEOLOGY.—Advanced course in Geology and Paleontology, with practical work: *four days a week.*

CHEMISTRY.—Course of the Fall Term concluded; *five days a week.*

BIOLOGY.—Laboratory work; *two days a week.*

ENGLISH LITERATURE.—*Four hours a week.*

PHILOSOPHY.—Rational Psychology; *four hours a week.*

CHRISTIAN EVIDENCES.—Paley; *four hours a week.*

LATIN.—Cicero's De Natura Deorum; *two hours a week.*

GREEK.—Ædipus Tyrannus of Sophocles : Knights of Aristophanes ;  
*four hours a week.*

SANSKRIT.—Whitney's Grammar : The Hitopadeça ; *two hours a week.*

ORATORY.—Orations ; with Criticisms ; *two hours a week.*

PHYSIOLOGY.—Martin's Physiology ; *two hours a week.*

HEBREW.—Genesis ; *four hours a week.*

#### SUMMER TERM.

PHILOSOPHY.—Schwegler's History of Philosophy ; with Lectures,  
and Discussions by the class ; *six hours a week.*

BIBLICAL INTERPRETATION.—Lectures ; *one hour a week.*

#### ELECTIVES.

*Each student will select not less than eight and not more than eleven hours of elective work.*

HISTORY.—Political History of the United States ; *five hours a week.*

GREEK.—Plato's Phædo ; *four hours a week.*

BIOLOGY.—Laboratory work ; *four days a week.*

LATIN.—Selections from Martial's Epigrams ; *three hours a week.*

ZOOLOGY.—Lectures on Vertebrate Zoölogy ; *four hours a week.*

GEOLOGY.—Lectures on the Geology of the Amherst Region ; with  
Excursions and Field-work ; *four days a week.*

GERMAN.—German Literature of the Present Century (Selections) ;  
*four hours a week.*

FRENCH.\*—Lacombe's Histoire du peuple français : George Sand's  
La Petite Fadette : Larousse's Cours lexicologique de style ; *four  
hours a week.*

SPANISH.\*—Montague's Comparative Grammar : Colmena Española :  
Moratin's El Si de las Niñas ; *four hours a week.*

CHEMISTRY.—Urinary Analysis and Toxicology, or Laboratory work  
with Organic Compounds ; *four days a week.*

ASTRONOMY.—Practical Astronomy : Theoretical Astronomy : Obser-  
vatory work ; *five hours a week.*

HEBREW.—Psalms ; *four hours a week.*

SANSKRIT.—Whitney's Grammar : Manu or the Bhagavad-Gîtâ ; *two  
hours a week.*

---

#### ADMINISTRATIVE RULES.

A student whose recommendations have been approved, and whose examinations have shown him capable of admission to Amherst College, is received as a gentleman, and as such is trusted to conduct

---

\*French and Spanish taken in alternate years.

himself, in truthfulness and uprightness, in kindness and respect, in diligence and sobriety, in obedience to law and maintenance of order, and regard for Christian institutions as becomes a member of a Christian college.

The privileges of the college are granted only to those who are believed to be worthy of this trust, and are forfeited whenever this trust is falsified.

The course of the College is arranged according to the best judgment of the Trustees and the Faculty, to secure for each student the best training for his subsequent life. To this end the following rules need to be observed:—

1. The work assigned the student should be suited to his capacity, and be neither more nor less than will exercise all his powers.

2. The student should be studious, making the utmost improvement of his time and talents in regularly and diligently doing what the College assigns him.

3. As no student should be received as a member of a class, whose character is not good, or whose attainments are insufficient for the work of the class, so no student should be continued in a class for which, either in deportment or in scholarship, he is unfitted.

4. As this unfitness should only be determined by the actual deficiencies of a student, a correct record should be kept of his attendance and work. Such recitations and reviews should be held during each term in the work assigned for the term, as shall give every student the opportunity to show fairly whether he has sufficiently mastered the study to warrant his proceeding in the prescribed course of the class. If he has been present at nine-tenths of the exercises of his class in a given department of study, and if his attainment therein shall be satisfactory to his teacher, he shall be deemed qualified, without further examination, to proceed with the work of the next term. If, however, he shall have failed of this attendance or attainment, he should forfeit his standing in his class, unless he shall pass a special examination in the work of the term, the minuteness of which should be proportioned to the degree of his failure.

5. These examinations, for which preparation should be made under the direction of a competent teacher, should be held at the beginning of the term following the failure. If a student is not then prepared to sustain the examination due in any given department of study, he is obviously unprepared to proceed with profit in the advancing study of that department, and should wait before attempting to do this until his examination therein shall be completely sustained.

6. As religious worship is no less important than his study to a student, and as regular physical exercise is indispensable to sound health, any one absenting himself during any term from more than one-tenth of the daily religious services of the College, or the Sabbath services, or the stated exercises in the gymnasium, unless specially excused therefor by the Dean or the Faculty, should be excluded from the further privilege of the College.

7. The College is divided into six sections:—The section of English; the section of Ancient Languages; the section of Modern Languages; the section of Mathematics; the section of Natural Science; and the section of Philosophy. Grade of scholarship in each of these sections is marked on a scale of 5.

8. Every student who has completed his work in each section may be admitted to the degree of *A. B.*, and receive a diploma in testimony of the same. If his average scholarship shall be represented by the number 2, his diploma may be given *rite*; if by 3, *cum laude*; if by 4, *magna cum laude*; and if by 5, *summa cum laude*. No student should be entitled to a diploma whose work in any section is incomplete. Such student, however, may receive a certificate of his actual attainments.

---

#### SPECIAL AND PARTIAL COURSE.

Persons who do not wish to pursue the course required for the degree of Bachelor of Arts are admitted, when approved by the Faculty, to the privileges of the Institution and permitted to carry forward a select course of study. At the end of the course, a certificate of their attainments can be received from the President.

#### RESIDENT GRADUATES.

Graduates who wish to pursue a more extended course of study in any department can do so by making arrangements with the College for that purpose.

#### DEGREE OF MASTER OF ARTS.

Candidates for the degree of Master of Arts in course must be graduates of at least three years' standing and must have spent at least two years in professional or other liberal studies. In ordinary cases they must be recommended by the Faculty. Graduates who wish to obtain this degree should send their request to the Faculty, with appropriate vouchers, on or before the twenty-fifth day of June.

## DEGREE OF DOCTOR OF PHILOSOPHY.

The degree of Doctor of Philosophy, for which only college graduates may be candidates, is recommended on compliance with the following conditions:—

1. A two years' course of study in two subjects of science or literature, or one subject of each, at this college, under the direction and to the approval of the Professors in the departments to which those subjects belong.

2. An examination upon those subjects, and a thesis upon one of them, satisfactory to these Professors.

3. The payment of a tuition fee of one hundred dollars a year, and a diploma fee of five dollars.

## EXERCISES.

There are either three Recitations, or two Recitations and two Lectures daily, excepting Wednesday and Saturday, when one Recitation is omitted.

There are also weekly rhetorical exercises for each class. From the Seniors and Juniors, compositions, original declamations, and debates are required; from the Sophomores and Freshmen, written abstracts, and declamations. For the declamations, preparation is made by private rehearsal.

Public worship is held in the College Church every Sunday, and there are prayers in the Chapel every week-day morning. Every Thursday evening there is preaching or some other religious exercise, which the students are invited to attend. There are class prayer-meetings regularly on Sunday evenings.

Students connected with other denominations will be allowed to attend church services regularly with them, by application to the Dean, with a request from parents or guardians in case of minors.

## LIBRARIES.

The Libraries of the College and of the Literary Societies contain about forty-three thousand volumes. The College Library is open every day (Sundays and Holidays excepted), from nine to half-past eleven o'clock, A. M., and from half-past one to four o'clock, P. M. The Library Reading Room is open, on the same days, from nine to twelve o'clock, A. M., and from half-past one to five o'clock, P. M. Books of reference may be consulted at any hour when the Reading Room is open. The Libraries of the two Literary Societies have been incorporated with that of the College, but are accessible only to

members of the societies. The Social Union Reading Room, No. 1 North College, is open every day except Sunday.

#### APPARATUS FOR MATHEMATICAL AND PHYSICAL SCIENCE.

THE LAWRENCE OBSERVATORY is furnished with instruments for accurate astronomical observations. The pier in the centre of the tower sustains a refracting telescope, mounted equatorially, having a focal length of nine feet and an aperture of seven and one-fourth inches. The transit room contains the usual equipment for meridian observations. The observatory also contains an altitude and azimuth instrument, and instruments of the latest and best construction, for surveying and engineering.

The collection of Apparatus for Experiments in Natural Philosophy is extensive, and well adapted for a course of experimental illustrations. It occupies a room in the second story of WALKER HALL, where ample accommodations are furnished for its arrangement and use.

The Chemical Laboratory and Lecture Room occupy the first story of WILLISTON HALL. These rooms are furnished with apparatus for a complete course of chemical experiments.

#### COLLECTIONS OF NATURAL HISTORY.

The collections illustrating Natural History and Human Antiquities are deposited in the two buildings known as the Woods Cabinet, and the Appleton Cabinet.

THE WOODS CABINET is named in honor of the Hon. Josiah B. Woods, of Enfield, its principal donor. It contains all the Geological Collections of the College, consisting of the general American and European Collections, the State Survey Collections of New Hampshire, Vermont, Massachusetts and Connecticut, and the Shepard Meteorite Collection, comprising in all above 25,000 specimens. An adjoining room, called the Nineveh Gallery, built by Enos Dickinson, of Amherst, contains many antique coins, seals and cylinders from the ruins of ancient Nineveh and Babylon.

The sculptured slabs from the palace walls of Sardanapalus at Nimroud, obtained by Dr. Henry Lobdell, formerly in the Nineveh Gallery, are now in the porch of the new Library building.

In the APPLETON CABINET, named from the Hon. Samuel Appleton, of Boston, are the Hitchcock Ichnological Collection, the Gilbert Museum of Indian Relics, and the Adams Zoölogical Collection.

In the Ichnological Collection, named after President Hitchcock, are to be found about 1,400 specimens, containing at least 20,000

tracks of animals in stone, together with plaster and clay casts of tracks of living and extinct species of animals. The Museum of Indian Relics receives its name from the Hon. George H. Gilbert, of Ware, by whose liberality it was mainly established. It comprises about 3,500 specimens of the stone implements of extinct Indian tribes, principally those who lived in the Connecticut Valley. The Zoölogical Collection was principally gathered and arranged by Professor Charles B. Adams. It comprises prepared specimens of animals and their habitations, and dried plants, representing all the great groups of the animal and vegetable kingdoms. In the department of shells it is particularly extensive and valuable. A collection in Comparative Osteology, and the elastic models of Auzoux are incorporated with the Zoölogical Collection.

The collections arranged in these several cabinets contain more than 100,000 specimens of the animal, mineral and vegetable kingdoms.

The cabinets are open to the public each week-day, from ten to eleven o'clock, A. M., and from three to four o'clock, P. M., when the custodians will be in attendance.

#### PHYSICAL CULTURE.

The BARRETT GYMNASIUM, named in honor of Dr. Benjamin Barrett, of Northampton, is open to the members of the College for voluntary exercise, and at an appointed hour each class is required to be present and engage in exercise under the direction of the Professor of Hygiene. The required exercises consist almost entirely of the light gymnastics, the movements of which are guided and timed by music, while the heavy and more difficult gymnastic work is entirely at the option of the student. No effort is required of any student which cannot be safely and profitably undertaken by any person who is sound in body and mind.

The Professor in this department is a physician, and, as far as possible, is expected to be acquainted with the physical condition of each student in town during term-time. All students are permitted to consult him without charge.

A series of Anthropometric statistics is taken of each man on entering College, and repeated once each year during the course.

#### GALLERY OF ART.

This room contains a large collection of casts of ancient and modern statuary. The gallery is open to the public each week-day, at the same hours as the Scientific Collections.

## EXPENSES.

The following are the principal necessary expenses, exclusive of vacations :

General Term Bill, including Tuition, Library, Gymnasium, and all ordinary incidentals, per year,			\$100.00	\$100.00
Room Rent in College, from \$6.00 to \$15.00 per term,			18.00	45.00
Room Rent in private houses, per year,			40.00	60.00
Fuel and Lights, from \$12.00 to \$18.00,			12.00	18.00
Board from \$3.00 to \$5.00 per week, or per year of <i>thirty-eight weeks</i> ,			114.00	190.00

An additional expense of \$10.00 per term is incurred by those students who elect work in the Chemical Laboratory during the Junior year.

The expenses for Room Rent, Fuel and Lights, are estimated on the supposition that two students occupy the same room. For a few choice rooms, both in College and in town, a higher rent is charged.

There are some expenses which result from taxes voluntarily imposed by the classes or societies. These, and expenses for furniture, stationery, etc., will vary according to circumstances and the character and habits of the student.

## PAYMENTS.

One-half of the annual charges is due on the first of October, and is to be paid within two weeks thereafter. The balance becomes due April 15th, and is to be paid before May 1st.

A bond, with satisfactory surety for the payment of all College bills, must be given by each student to the Treasurer, at the commencement of the term when he enters.

## SCHOLARSHIPS.

The College has a large fund, five sixths of whose income are appropriated to worthy young men who are preparing for the Christian ministry, while one sixth goes to the perpetual increase of the principal. The income available is usually sufficient to cancel the general Term Bill of all such students, and sometimes more. Each of these students ordinarily obtains from the American Education Society also about one hundred dollars annually.

Scholarships have been founded by the State of Massachusetts, by individuals, and by College classes. These endowments are intended to assist those who need pecuniary aid, and most of them are designed

only for those of superior scholarship. The names of the donors, and the annual incomes of their respective gifts, are as follows:—

STATE OF MASSACHUSETTS, three scholarships, forty-five dollars each.

REV. DR. MOORE, the first President of the College, three, one hundred and forty dollars each.

SAMUEL A. HITCHCOCK, late of Brimfield, six, one hundred dollars each.

ASAHEL ADAMS, late of North Brookfield, three, forty dollars each.

SAMUEL D. WARREN, of Boston, two, seventy dollars each.

MRS. SARAH TUTTLE, of Wayland, sixty dollars.

LEVI RUSSELL, late of Hadley, sixty dollars.

ISAAC D. FARNSWORTH, of Boston, two, one hundred and five dollars each.

ENOS DICKINSON, late of Amherst, sixty dollars.

JOHN C. NEWTON, of Worcester, sixty dollars.

JAMES H. NEWTON, of Holyoke, sixty dollars.

CHARLES MERRIAM, of Springfield, one hundred and twenty dollars.

JOSEPH CAREW, of South Hadley Falls, sixty dollars.

J. H. BIGELOW, of Worcester, thirty-five dollars.

JAMES S. SEYMOUR, late of Auburn, N. Y., five scholarships of sixty dollars each.

QUINCY TUFTS, late of Boston, two of sixty dollars each.

COOK Scholarship, seventy dollars, by GEORGE COOK, of Keene, N. H., of the Class of 1841.

MILLER Scholarship, in memory of J. C. B. MILLER, of the Class of 1869, sixty dollars, by MRS. DR. S. P. MILLER, late of Worcester.

GREEN Scholarship, Class of 1822, sixty dollars, by WELLS SOUTHWORTH, of New Haven, Ct.

CLASS of 1823, sixty dollars, by ALVIN J. JOHNSON, of New York City.

CLASS of 1826, thirty dollars.

PERSIAN Scholarship, one hundred and twenty dollars, by the REV. JAMES L. MERRICK, of the Class of 1830, late of South Amherst.

CLASS of 1831, sixty dollars.

HEMAN HUMPHREY Scholarship, seventy dollars, by a member of the Class of 1834.

CLASS of 1836, ninety dollars.

ALEXANDER H. BULLOCK Scholarship, seventy-five dollars.

CLASS of 1839, sixty dollars.

CLASS of 1845, sixty dollars.

CLASS of 1849, sixty dollars.

CLASS of 1850, sixty dollars, by J. J. H. GREGORY, of Marblehead.

CLASS of 1855, sixty dollars.

CLASS of 1856, sixty dollars.

CLASS of 1857, seventy dollars.

CLASS of 1858, seventy dollars.

HENRY GRIDLEY Scholarship of the Class of 1862, one hundred dollars.

CLASS of 1865, sixty dollars.

CLASS of 1869, sixty dollars.

CLASS of 1871, eighty dollars.

WHITCOMB Scholarship, one hundred and twenty dollars.

DOLLY COLMAN BLAKE Scholarship, fifty dollars.

THE DAY BENEVOLENT FUND, by MOSES H. DAY, late of Boston, three hundred dollars annually.

GREEN Scholarship, established by the late REV. HENRY SOLOMON GREEN, Class of 1834, as a memorial gift from himself and H. M. GREEN, of the Class of 1865, fifty dollars.

SAYLES Scholarship, established by FRED THOMAS SAYLES, Class of 1881, one hundred dollars.

A. LYMAN WILLISTON, of Florence, seventy-five dollars.

Several other Class Scholarships have been established in part, the endowments for which are not yet placed in the College Treasury.

The incomes from the above Scholarships are credited on the general term bills of those to whom they are awarded, and the excess, if any, is paid when the bills become due and payable. No one is entitled to a scholarship till he has been in College at least one term. Applications for aid should be made in writing, early in the first term, together with a statement of pecuniary circumstances.

#### PRIZES.

ENGLISH PRIZES. 1. The Kellogg Prizes. Given by Rufus B. Kellogg, of Green Bay, Wis.. Class of 1858, for excellence in declamation. To the Sophomore and Freshman Classes each, a prize of fifty dollars.

2. The Hardy Prizes. Given by Alpheus Hardy, of Boston, for improvement in Extemporaneous Speaking, and awarded near the close of the College Course: first prize, fifty dollars; second, thirty dollars.

3. The Hyde Prize. Given by Henry D. Hyde, of Boston, Class of 1861, one hundred dollars to that member of the Senior Class who may produce the best oration. Both composition and delivery will be considered in making the award.

4. The Bond Commencement Prize. Given by Ephraim W. Bond, of Springfield, Class of 1841, one hundred dollars for the best production spoken on the Commencement stage, as determined by the Trustees, or by a Committee whom they may appoint.

THE HUTCHINS PRIZES. Given by Waldo Hutchins, of New York City, Class of 1842. 1. Forty dollars to the best scholar in Greek, and twenty dollars to the second in standing, at the end of the Freshman year. 2. Sixty dollars for the highest excellence in Greek scholarship, at the conclusion of the course. The scholarship is determined chiefly by the regular recitations and examinations of the department, but special studies and examinations may also be required by the Professors.

LATIN PRIZES. 1. The Bertram Prize Scholarship. Given by John Bertram, of Salem, one hundred dollars for the best examination, by Seniors, upon certain specified authors. For 1884, the Scholarship will be awarded for the best written examination upon the speeches contained in the Annals and Histories of Tacitus, with an essay upon the oratory of Tacitus; and the best oral translation at sight of Cicero's *De Natura Deorum*, Book II.

2. The Thompson Prize. Given by Rev. Walter Thompson, of Troy, N. Y., Class of 1872, fifty dollars for the highest scholarship in the Latin of the Junior year, together with certain special work.

3. Sophomore Prize. Twenty-five dollars for the best examination on portions of the work of Sophomore year, viz.: the analysis of words, and the style of Tacitus.

THE PORTER PRIZES. Given by Eleazar Porter, of Hadley.

1. Sixty dollars to the candidate who passes the best examination for admission to the Freshman Class. The name of the successful candidate, together with that of the school at which he prepared for College, will be published in the Catalogue. 2. Thirty dollars for scholarship in Natural Philosophy and Astronomy, to be awarded at the close of the course to the student whose standing is highest, as determined by the record for all the recitations and examinations of the department.

GERMAN PRIZES. Given by Samuel D. Warren, of Boston, one of forty, and one of twenty dollars, for the best examination in reading and translating German at sight.

FRENCH AND ITALIAN PRIZE. Prize scholarship, given by the Class of 1855, sixty dollars for the highest scholarship, combined with the greatest improvement.

THE SAWYER PRIZE. Given by the late Edmund H. Sawyer, of Easthampton, a gold medal of the value of fifty dollars, for the best work in Human Anatomy and Physiology.

**THE SHEPARD MINERALOGICAL PRIZES.** Given by Professor Charles U. Shepard, to the members of the Senior Class, for greatest excellence in the department of Mineralogy; four prizes of mineralogical specimens, valued respectively at fifteen, eight, six, and five dollars.

**MOSELEY PRIZE SCHOLARSHIPS.** Given by Thomas W. H. Moseley, late of Hyde Park, eighty dollars and forty dollars, to Seniors of highest attainments in the Scientific Evidences of Religion.

**THE PHI BETA KAPPA PRIZE.** Given by the Phi Beta Kappa Society, forty dollars, to a member of the Society, for proficiency in the studies of the Philosophical department during the Senior year, in such direction as the Faculty from year to year may determine.

**THE WOODS PRIZE.** Given by the late Josiah Woods, of Enfield, sixty dollars for general culture and improvement. Awarded at the end of the entire course.

**GYMNASTIC PRIZES.** 1. **THE GILBERT PRIZE.** Given by Frederick Gilbert, of Cincinnati, O., Class of 1877, one hundred dollars to the class, which during the year, shall most faithfully discharge its duties in the Gymnasium, and carry out most fully the instructions of the Professor of Hygiene.

2. **THE LADD PRIZES.** Given by William M. Ladd, of Portland, Oregon, Class of 1878, fifty dollars a year for excellence in heavy gymnastic exercises at the annual exhibition.

**THE WALKER PRIZES.** Given by the late William J. Walker, of Newport, R. I., two hundred dollars for excellence in the Mathematics of the Sophomore year, as exhibited in both oral and written examinations. Fifty dollars of this is given at the close of the year, the remainder constituting a fellowship fund, to be paid at the end of a year of graduate study, pursued under the direction of the Faculty.
